RAYMOND KHOURY THE LAST TEMPLAR

RAYMOND
KHOURY

Acre, 1291 AD — As the city burns under the onslaught of the Sultan's men, the Falcon Temple sets sail, carrying a small band of knights and a mysterious chest entrusted to them by the Order's Grand Master. The ship vanishes without a trace.

NYC, present day — Four horsemen dressed as Knights Templar storm the gala opening of a Vatican exhibition at the Metropolitan Museum and steal an arcane medieval decoder, plunging FBI agent Sean Reilly and archaeologist Tess Chaykin into a deadly game of cat and mouse with ruthless killers as they race across three continents in search of the Falcon Temple's final resting place and the disturbing truth about its cargo.
